2. Estimated market value	..	Rs.3000/- an acre.
3. Whether a camping ground on the land is maintained exclusively or primarily for military purposes	..	NO.
4. Whether the land was in the effective occupation of the Government of India on 1-4-1921.	..	NO.
5. Whether there is any more camping ground in the village and if so, how much	..	38.77 acres. <u>less</u> 58 sq. ft.

Remarks:- The occupation consists of a portion of the wall and roof of a building and a portion of a compound wall of laterite stones. The occupation is over 20 years old and its estimated cost is Rs.50/- It cannot be removed without detriment to the house. I have inspected the encroachment. The utility of the camping ground is not lessened by the existence of the encroachment which is negligible in extent. I propose to ignore the occupation or preferably to assign it to the encroache

2. The campaig ground referred to on p 3 c.f. belongs to the Provincial Govt In para 3 of G.O. No 405 Rev dy 19-2-1931 the Govt directed that when there is any definite demand for the assignment of any such land the case should be submitted for their orders and laid down the procedure for the disposal of such cases. The orders in para 3 of G.O. No 405 Rev dy 19-2-1931 were

subsequently cancelled and a revised procedure was prescribed for the disposal of such cases in G.O. 1214 Rev dt 28.5.1942.

3. As the encroachment is only 58 sq.ft a very large part of the field of a total extent of 38.77 acres is still available for use as camping ground. It is reported that the encroachment is over 20 years old. It is unnecessary to address the Govt of India in the matter. The Coll's proposal to assign the land to the encroacher may be accepted subject to the recovery of the market value of the land. A draft order is submitted for approval. Finance may see hereto.
